Easter...A Time To Serve And Rejoice

A LABOR OF LOVE is performed by members of the Placentia Senior Citizen's Club, who this week were dying 15 dozen eggs for an Easter Egg Hunt Saturday for Trainable Mentally Retarded youngsters. The assist to the Easter Bunny was indeed colorful as the eggs turned out in bright hues, swirls, and even hand painted as Wally Gabel, president of the club, demonstrates the meticulous artistry. Admiring onlookers are Natie Silva, Eleanor MacLachlan, Gabel and Beatrice Baranowski. In the back Millie and Lee Jones.

He Is Risen...

Now upon the first day of the week, very early in the morning, they came unto the sepulchre, bringing the spices which they had prepared, and certain others with them.

And they found the stone rolled away from the sepulchre.

And they entered in, and found not the body of the Lord Jesus.

And it came to pass, as they were much perplexed thereabout, behold, two men stood by them in shining garments.

And as they were afraid, and bowed down their faces to the earth, they said unto them, Why seek ye the living among the dead?

He is not here, but is risen...

--St. Luke, 24: 1-6.

HOSANNA IN THE HIGHEST...an event for the fourth year, the reenactment of Palm Sunday by youngsters who attend the Placentia Presbyterian Church, one of the oldest in the city. Worshipers were reminded of the Sunday that Christ rode a donkey into Jerusalem, the last week before his trial and crucifixion, when the people who followed Him spread branches in His path. The children lined the walkways and sang joyous hymns. Discernable among the fronds in choir robe, is Steven Ehrich. Pastor at the church is Rev. Glenn Ogden.

City Council Splits On Expenses

A monthly expense policy, which permits reimbursement for dry cleaning and baby sitting, use of city credit cards and orders that all disagreement over individual city councilman expenses be approached only in executive session away from public view, was passed with a split vote Tuesday at the last meeting of the Placentia City Council.

The last stage in the intermittent nine-month battle on the proper way for city councilmen to be reimbursed for their expenditures on official city business, brought a blaze of words from Councilman George De Jesus, who later abstained from voting on the measure either way.

Carrying the measure were the teallies of Mayor Robert Lyons, Mayor Pro Tem Michael Callahan and Councilman Jack Gomez. Councilman Robert Langer, the subject of De Jesus' chastising remarks, voted no.

Items approved by the three votes include use of the city-owned credit card by councilmen who request it for use on city business.

At least one councilman said this week he believed the policy to mean that it was proper for councilmen to use the card for personal business as long as the charges were repaid.

Other items permit use of the city credit card for any amount of expenditure, but discouraged it unless over $25.

The policy further lists reimbursement for mileage, to be documented by individual trip and reported by date, miles traveled, destination and purpose of trip. Mileage is now reimbursed at 12 cents a mile.

(In some instances, mileage for individual councilmen has been running as high as 500 and 600 miles per month).

Storage, parking and tolls are authorized and receipts are required for individual expenditures over $2 but not under.

Dry cleaning expenses are authorized with receipts.

Meals and entertainment. Council will be reimbursed for the reasonable costs of meals or entertainment on an actual basis, but receipting is required only for an individual expenditure over $25. Receipts are 'requested' for all expenditures, however, and "meals will be itemized on an individual basis stating purpose and expense."

Dependent care expenses will be reimbursed on a monthly basis with explanation to be attached.

Periodicals, which have appeared regularly on some expense accounts, may now be procured only through the city's purchasing agent.

Councilman Langer, who first brought the council's expense accounts to public attention, said this week that he will see that the expense policy decision is placed on the ballot in the April, 1976 election, at which time three council seats will be up for decision. Terms expiring at that time are those of Langer and Mayor Lyons and Mayor Pro Tem

Veterans Memorial Fountain May Be In Financial Trouble

The splendid, unique, one of a kind Veterans Memorial Fountain, now under construction on the southwest corner of Kraemer Park, Placentia, may be in financial difficulties, it was indicated here this week.

The fountain is the gift of the late Edward Backs and Mrs. Angeline Backs and has been financed by donations from Mr. and Mrs. Backs during his lifetime.

The last donation from Mr. Backs, during his illness, was $50,000, raising the couple's contributions to Placentia's memorial to all veterans, to $150,000.

There are indications here this week, that that amount will not pay for the landscaping, following the opulent construction, termed by contractor Paul Foss, who is building it, to be a "work of perfection, like everything else Mr. Backs did."

The unique veterans plaza not only contains the fountain, but a concrete building which is partially underground, designed to house the sophisticated pumping and electronic equipment to operate the completely automatic fountain. Special lighting has also been installed.

Foss, of Yorba Linda, who has done various construction projects for Mr. and Mrs. Backs since first becoming associated with them in 1958, said the fountain could well be the only one of its type in the world.

Every phase of its construction was planned down to the slightest detail by Backs in his lifetime, Foss states. There are such luxury items involved as a wind compensator, so that wind blowing against the active spray of the fountain, which comes from two different levels, cannot

Meals On Wheels To Start

A program of Meals on Wheels to provide a hot noon meal and cold sack supper for individuals unable to prepare their own food, is scheduled to begin on May 5.

The cost to the user will be $2 a day.

The Placentia-Yorba Linda program will serve recipients five days a week, Monday through Friday with volunteers delivering the food from school kitchens.

A donation of $3,500 was recently made from the Mable Tuffree Fund, administered through the Placentia Presbyterian Church, to assist in the inception of the program.

Anyone wishing the service, whether or not they can pay and volunteers to drive and ride, are encouraged to call the Placentia Office of Social Services at 993-8178.

The program will operate from the new Senior Citizens Club Facility, located in the former Placentia Library at 143 South Bradford Avenue, Placentia.

Employment Agency Service

A job recruitment service to assist unemployed Placentia residents to find jobs, is now in operation through the Office of Social Services, the office said this week.

In charge of the operation is Robert Harding who will accept applications from job seekers from 8 a.m. until noon Wednesdays and Fridays.

The Monday location is the Whitten Community Center, 900 South Melrose Street (993-8133); Wednesdays, Gomez Community Center, 1701 Atwood Avenue (993-8236) and Fridays, Backs Community Building, 201 North Bradford Avenue (993-8178).

Harding said jobs now available include machinists, machinist A. chucker operator, turret lathe and a Warner-Swasey machine operator.

Employers with job openings are encouraged to contact Harding with orders. The service is free to both job seekers and employers.

Further information is available at 993-8178.

Firemen Release NewIdea

Placentia Firemen, members of the Firemen's Union, delivered still another salvo of suggestion last week as the Placentia City Council, to whom it was addressed, had not had sufficient time to consider and digest the men's last recommendation.

Bypassing Fire Chief James Sims, Director of Public Safety Norman Traub and City Administrator Edwin Powell, the latest recommendations were brought directly to a city council meeting.

Councilmen, acting on the fire union's previous entreaty to merge the Placentia Fire Department into the Orange County's fire service, apparently rejected that suggestion by a motion to receive and file a preliminary report on what the move would entail from the Orange County Fire Marshall.

Scarpas Denied T-C Site

A decision has been handed down by Superior Court Judge Charles A. Bauer in the case of Jack and Bonnie Scarpa against the city of Placentia, which denies the Scarpas the right to move into a building in the Town Center shopping development.

It was the second trial on the Scarpa's efforts to obtain residence in the empty building at the southeast corner of the large commercial development. The first hearing ended in a writ of mandamus that ordered the Placentia City Council to either rehear the Scarpa's petition or grant them entry into the building which was constructed for their use and to their specifications.

Jack Scarpa said this week his and Mrs. Scarpa's future course is at this time undetermined, but there is a possibility that they will use further legal means to attempt to gain entry into the building.

Their original request to move into the center, after approval by the Placentia Planning Commission, was appealed and denied by the Placentia City Council on the basis that a real estate business does not generate sales tax and that there

Authors Talk It Over...

Some authors of note were exchanging information last week.

First, author Vick Knight, Placentia resident, who happened to drop in to the third grade class of Lynda Stoner at Ruby Drive School, explained to the attentive students just how a nationally published author goes about putting a book together.

With a long yellow legal pad for writing, a host of pictures and a lot of time and patience.

Not that the kids didn't know part of it. They're all hard at work right now on books of their own.

Author Knight, who at one time was assistant superintendent of schools in the Placentia Unified School District, held everyone's undivided attention as he went through the necessary steps, from pen to print, to produce a best seller.

In this case, three best sellers, which Knight wrote with a good friend, Dr. John Moore.

The three books turned out to be a series of Ecology textbooks for elementary students, not only used in Placentia classrooms, but throughout the state of California.

The trilogy, "It's Our World," "It's Our Future" and "It's Our Choice" took a year to write and have since been adopted by several other states, besides California, as textbooks.

This means that other third graders, in far off places, along with their ecology lesson, are learning a little bit about Placentia.

In the numerous pictures in the book, which Knight took himself, are such noteworthy items as the word Placentia appearing in one picture; a full color shot of the Brea dump, a picture taken at Brookhaven School, two pictures from Ruby Drive school, showing

LittleLeague Could Use 15 Umpires

Placentia's Little League is greatly in need of volunteer umpires, the group announced this week.

Approximately 15 volunteer decision makers could be put to work, with a savings to the league around $2,000, Umpire in Chief, Vern Wilson stated.

Anyone, wishing to give of their services should contact Wilson at 524-2415.

Alta Vista Closure Now In Progress

A barricade of Alta Vista Street, between Kraemer Boulevard and Rose Drive, is expected to continue through this week, Ben Minamide Placentia City Engineer stated.

The closure is accommodating extensive construction work on a new sewer line.

Through traffic may detour on Orangethorpe, one half mile south of the Alta Vista Street construction, Minamide recommended.

SERVANTS, NOT KINGS

"Legitimacy is the big problem. Restoring the legitimacy of government requires that public officials act like servants of the people, not like kings. It's because they were kings that you had Watergate and Vietnam."

SOME DAYS START LIKE THIS--Pleasantly. Orange County Supervisor Ralph Diedrich, Chairman of the Board, receives tickets to attend the upcoming Miss Orange County Beauty Pageant, which will be held Saturday, April 5 in Plummer Auditorium in Fullerton. One of the pretty participants will be Miss Rebecca Cordell, Miss Placentia. The presentation was made at the beginning of the Supervisors' meeting Wednesday, which was decoratively attended by a number of the beauty queens who will be competing in the pageant.

Letters To The Editor

Those Council Expenses

Editor:

We wish to express our opinion regarding the recently enacted City Council policy that a councilman's personal expenses which are charged to the city treasury are "none of the business" of a fellow councilman or impliedly therefore citizens.

As life-long residents and taxpayers of our City, it is most explicitly our business. Every City official, councilmen included, serve the people and are accountable for their acts while in office. It is morally right, legally required, and fiscally responsible for an official to reimburse the City for all personal expenditures paid by City revenue funds and to justify his or her expenses at open sessions of the council meetings.

Therefore, we support Councilman Robert Langer's courageous position to curb excessive speeding and we trust that the City Council will reconsider the policy and modify it so that City funds will be spent properly.

Respectfully submitted,

Mr. and Mrs. Fred Aguirre

Callahan.

Langer indicated he felt the public should have the right to augment the Placentia City Charter, which states only that members of the city council shall receive $25 a month and the mayor $50 a month as compensation for their services, and shall receive reimbursement for necessary travel and other expenses "when on official duty on order of the city council."

"I still feel that every cent of taxpayer's money should be accounted for with receipts and documented with an explanation," he stated.

At the Tuesday night city council meeting, Councilman George De Jesus took personal issue with Langer over the expense discussion.

"If I may have the floor for a moment," De Jesus began. "I think that we have a communication problem, not just between you (the mayor) and Mr. Langer but possibly between the entire council."

"I was absent from a meeting we had in February...but still I have had an opportunity to read the minutes. And I was rather surprised to read that there was still continued discussion of the expense policy. How long are we going to continue this charade? Have we not already voted on this policy?"

"I will no longer sit in agonized silence and permit Mr. Langer, who is primarily responsible for this investigation, to go unopposed. The council using a certain amount of decorum and patience has allowed Mr. Langer since June of 1974 through now to set up a gauntlet of suspicion into our characters. I resent it."

"I do not think that I am thin skinned, but I've had enough. Mr. Langer with the help of the press has had a field day on an item that has always been a popular cause with the people...elected officials expenditures. By inuendo he has cast aspersions on my character, when there is no need for suspicion. The records are now, have always been public information."

De Jesus also spoke his resentment regarding Langer's position that even now he "threatens to take it to the ballot."

Mayor Pro Tem Callahan who said in council meeting that "I do not question the integrity of one councilman...I don't question a one of these expenses (regarding convention trips)....I don't question a single item."

"I don't question the integrity of anybody. It's a matter of how we operate. Now whether you go to the petty cash drawer or whether you use the credit card or you draw advance funds,....that's your business."

"I don't think there is anything wrong with it because it would have to be in the best interests of the city of Placentia."

In response Councilman Langer replied: "Mr. Mayor...this discussion came up almost a year ago. At that time I started questioning some of these expenses and Councilman Callahan told me at a meeting that it was none of my business that he did not have to justify his expenses to me.

"In return maybe he didn't have to justify them to me, but he does have to justify them to the people. And that is exactly what I have done."

Mayor Pro Tem Callahan who called two press conferences over the past week for two representatives of the local press, discussed convention and meeting expense items. He also expressed displeasure over the way the city has operated in the matter of the veterans memorial fountain, a gift of Mr. and Mrs. Edward Backs.

Individual councilmen's expenses for day to day expenditures run from Councilman Langer's, who absorbs his from his $25 a month salary to the following:

Mayor Robert Lyons: trip to Washington, D.C. for Congressional Conference in March, three days, excluding travel: $439.

(Receipt attached for four hockey tickets, New York Rangers, Saturday, November 9, 1974. Loges, $8.75 each. Callahan has stated previously guests were Mrs. Callahan and Mr. and Mrs. Ranney Draper.)

October, 1974: 510 miles, $61.20; books, newspapers, journals, magazines, $10.20; cleaning, $8.75; miscellaneous meals, tips, parking, etc. $34.12 and work materials, $6.25. Total (less $2.36 refund), $118.16.

youngsters salvaging old newspapers and a picture of a former nurse and student at the school.

Not to mention a shot of a street in Fullerton where the contractor used ground up glass to make glassphalt.

And Marineland and Sea World contributed some other interesting illustrations.

The younger authors in attendance didn't miss a word, though the arduous task of writing by hand, typing, rewriting, galley proofs and setting pages, to putting together such things as the glossary, the index and writing a teacher's guide.

Then everyone focused on another Knight bestseller, which is now appearing in all school libraries throughout the state: "The Night The Crayons Talked."

With Knight reading the text, Ruby Drive School Principal, Wally Curl and teacher Miss Stoner supplied the voices for the crayons, in the colorful fantasy.

The only thing that could top that performance was the students themselves. It was Knight's turn to listen while the youngsters read from their blossoming writings on a variety of subjects: animals, boys and girls, cars, war and being sick.

And although none of the young authors has been published yet, it was noted with satisfaction, in many of the burgeoning tomes, that the subjects lived happily ever after. Which, in books, is exactly the way it should be.

Fire Fighter Proposal

[Continued from Page One]

The latest suggestion from the firemen's union is that Placentia, either as an alternate plan or an additional one, merge its fire service into that of Fullerton.

This, members of the Fire Fighters Union declare, would provide better fire protection, reduced costs and a reduced work load for the city administrator, city council, personnel department, finance department, police chief, city mechanic, dispatchers and "all others presently involved with the fire department."

"Also there is a possibility," the firemen continue, "depending on the type of contract negotiated, the city of Placentia could be absorbed completely by the city of Fullerton or the city of Placentia could retain its local autonomy for fire protection, as with a joint powers agreement and be governed by the city of Fullerton in the administration end of the Fire Department."

The report also points out that the 40 hour week for firemen, which is an issue involved in the $15.5 million law suit the local firemen's union has in appeal against some city councilmen and other city officials of Placentia, is a failure.

The firemen remark also concerning the turnover rate in the department. "We don't see how any city or for that matter, any business can possibly remain in operation with this type of management. If it were to happen in the private sector, the company or business would be immediately out of business."

Lee Sale, Personnel Director for the city of Placentia, said his department presently has 1,100 cards filled out by different individuals expressing an interest in joining the Placentia Fire Department.

The file has grown so large in recent months, Sale slated, that the cards have had to be removed from their usual place to a large space sufficient to accommodate them.

Veterans Memorial Fountain

blow water on anyone who might be viewing the fountain from the plaza around it.

Mrs. Angeline Backs has been visiting the site of the fountain two or three times a week since her husband's death, contractor Foss reports.

"I am keeping an eye on everything," Mrs. Backs reported by telephone Monday.

Concerning the financial future of the $150,000 masterpiece, Mrs. Backs said that she did not wish to comment at this time. "I leave those things up to Mr. Anderson (Backs' attorney William Anderson)," she reported. "I don't get involved in that. I leave that up to Bill."

Anderson is out of the area, on vacation and will return Thursday, April 3. No one if his office could make any comment on the matter.

Concern over the whole project was expressed this week by Placentia Mayor Pro Tem Michael Callahan, who said that he has asked for some explanations concerning the fountain.

Callahan says that he is perturbed because the city has illegally been acting as a general contractor for the project with Mr. Backs selecting all the people involved in the fountain and those working on it.

All funds expended, however, have come from Mr. and Mrs. Backs and the memorial fountain is being constructed on property purchased by Mr. and Mrs. Backs and donated to the city as part of Kraemer Park, another Backs' donation.

Councilman Callahan says he expects to go into the matter thoroughly as to the legal aspects and to determine what the future of the fountain will be. The subject is set for an upcoming city council meeting.

Callahan's complaints concern the fact that the construction supervised by Backs during his lifetime, was not let out to the lowest bidder.

Still to be completed on the fountain, which will support four, 4-foot long bronze dolphins, leaping into the air, are segments of the fountain's construction as well as the patio containing a back wall with bronze markers and decorations and a section where flag poles will be situated.

Also involved in the complete package, are such things as curbing and gutters on the two streets the fountain faces, both of which are not in their final position.

The fountain is 15 feet high and 20 feet in diameter and will have a water spray from its two top levels, with water cascading down in a sheet and recirculating.

Atop the fountain will be the porpoises, the work of sculptor John Edward Svenson of Green Valley Lake, California, who also has done much smaller fountains for Home Savings and Loan buildings. Augmenting the dolphins will be bronze fish attached to the sides of the fountain, which will appear to be swimming in the water. All the concrete involved in the ornate construction, is bush hammered, a finish considered to be concrete sculpture.

Still to be executed are the plans for the landscaping and sprinklering.

Details in the patio include such things as copper stripping in the concrete and the concrete will have some color in it, Foss described.

"None of this is simple," contractor Foss explained. "Mr. Backs wanted it a certain way. I have never seen a fountain like this," Foss stated. "It will be beautiful when it is operating."

The underground pumping station has two 10 horsepower pumps and the fountain operation is totally automatic by electric eye. Foss explained that when no 8-inch copper lines were available on the west coast, Backs had the necessary ones air freighted from the east coast to keep construction going.

Foss estimates the completion of the fountain in "roughly three months."

"It is a work of perfection," he explains.

Bronze lettering on the back wall of the fountain will announce, "To Those Who Have Served Their Country With Love And Courage."

Present funds on hand are expected to complete the fountain itself and put it in operation and finish the memorial wall. Not covered so far are contracts for landscaping, sprinklering and special out-door lighting.

Womens Club Gives Tips On Gardening

SPECIAL PERFORMANCE--Students of the Yorba Linda School District were recently entertained by the Gliss Ando Winds, a group of four musicians sponsored by the Orange County Philharmonic Society and Musicians Local 7. Each musician explained their instrument and demonstrated how it was played. The young audiences heard Mendelsohn's "Lo! Hear The Gentle Lark", passages from "Peter and the Wolf", "The Sting", and "Stars and Stripes Forever." These performances have been sponsored for several years with enthusiastic response.

The fifty-sixth Annual Spring Flower Show sponsored by the Home and Garden Section of the Yorba Linda Women's Club will be held April 25 and 26. You need not be a member to enter, so local garden enthusiasts can start thinking about entries now.

Here are some tips on preparing entries:

Try to "harden" your cut flowers by cutting them in early morning, immersing stems to heads in water and keep in cool place for from 12-24 hours.

Remove all wilted or damaged leaves, wash foliage to remove bugs and dirt, wrap flower heads in waxed paper.

Gladiolas, four blooms best.

Iris, pick off wilted blooms, wrap buds in saran wrap to have them open for show.

Bougainvillea--remove leaves and thorns (leaves wilt).

Snap Dragons--remove carefully, lower blooms to maintain freshness. Add one teaspoon salt to water to preserve.

Roses--when you can see the center of a rose it is considered too old to exhibit. Be sure to remove all large thorns from roses.

Gladiolus--add 1/3 cup vinegar to one quart water to keep flowers fresh.

Sweet Peas-- plunge stems into hot not boiling water and then into cold. Also add 10-12 drops alcohol to one quart water.

Camelias--one teaspoon salt per one quart cold water. A speck of salt in center of a bloom will keep petal from dropping.

Foliage--one teaspoon of glycerine to one quart cold water.

Soft Woods--dip into boiling water for two or three seconds to seal, then into cool water.

Tulips-- one tablespoon sugar to one quart water.

Baby's Breath and Forget-me-nots--one tablespoon alcohol to one quart water or two aspirins.

Take your container of water to the garden with you as you cut your flowers.

Flower Preserving: fresh-cut flowers of many varieties may be permamently preserved in 20 Mule Team Borax. Flower preserving with Borax removes the moisture from blossoms and leaves, thereby preventing the wilting.

Two different mixtures are recommended:

Two parts Borax, one part dry white sand; or one part Borax, two parts corn meal.

Cut flowers which are as free from surface moisture as possible. The stem may be left attached or removed below the base of the calyx. Sprinkle mixture into an empty box and place flower and leaves on the mixture. Slowly cover the flower with additional mixture, being careful not to crush or distort the petals. When completely covered, there should be no air space around the flower. Seal the box and store at room temperature for 7-10 days. Preserved flowers from which stems have been removed may be fit with florist wire stems and the original leaves. Experimentation will enable you to decide which flowers will work best with this process.

This process may not work on flowers which have been cut and placed in a water solution of a preservative intended to keep them fresh.

Students Need Homes

Thirty-five homes in North-Central Orange County are needed for a group of college age Japanese students who will be living and studying in the area from July 26 through August 14.

The program is sponsored by the Foreign Study League, an educational service of Reader's Digest, Mary Lee Fleischer of 212 Bagnall Avenue, Placentia, Foreign Study League Representative, said this week. Mrs. Fleischer is looking for families to host the students.

The host family is asked to provide room and board and to help arrange transportation to and from classes at El Dorado High School in Placentia 4 mornings a week. The students range in age from 18 to 22. The host family may choose the age and sex of the student who will expect to be treated as just another member of the family.

Separate rooms are not necessary, nor is a knowledge of Japanese required as all the young people are college students and speak English quite well. People unable to host a student may wish to sponsor an activity or include a Japanese student in a family outing.

In addition to classes, the group will be participating in a wide range of planned excursions and activities, all designed to give the student as representative and as complete an exposure as possible to the richness, variety and complexity of the American life style and value system. The most important part of this total experience, though, the longest-lasting memories will be a result of the relationship between the student and his American family. It should be a mutually enlightening and enriching adventure that neither will ever forget, Mrs. Fleischer explains.

Families or individuals interested in assisting with the program are asked to call Mary Lee Fleischer at 524-0716 after 4 p.m.

SWING YOUR PARTNER--'round the room as Sherman Hensley's fifth grade class at Sierra Vista Elementary School entertains parents at a recent PTA meeting. Forming the square are Eddie Vassar, B Jae Vasquez, Gary Lehmann and Dana Byrne watches.

THAT FAR AWAY LOOK means these youngsters and all others in Placentia and Yorba Linda, between ages 8 and 14, who wish to enter, may compete for one free week at camp. The winner will receive a prize of a free week at Camp Osceola, courtesy of the Placentia Jaycettes. Hurrying to do their essays are Angie Richardson, 8; Ricky Edwards, 11 and Becky Edwards, 8, all students at Morse Avenue Elementary School. With them, Mrs. Cheri McCoy, Jaycette chairman of the project and internal vice president of the group.

Yorba Linda Library Slates 'Angel Night'

The Yorba Linda District Library and Santiago Library System in co-operation with the California Angels have set Wednesday, April 23 as the date for the second annual Library - Angels Baseball Night.

Coupons are now available at the Yorba Linda library for distribution to patrons. Each coupon allows the holder to order up to four tickets to the Angels-Texas game for $1.00 each plus a nominal handling fee. To assure receipt of the tickets in time, the coupon must be mailed into the Angel ticket office no later than April 16th.

The Yorba Linda library invites all Yorba Lindians to take advantage of this opportunity to enjoy a night of baseball at the "big A" with the '75 Angels.

YL Woman Named On Honor Roll

Elizabeth J. Merhab of Yorba Linda, a second-year student at Western State University College of Law of Orange County, and Richard L. Friedman of Placentia, a first-year student, were among 26 students recently named by the school to its Distinguished Honor Roll. The school lists an enrollment of 1800.

To qualify, a student had to achieve a grade-point average between 3.00 and 3.49 on a scale of 4, a spokesman explained.

Although women comprise only 20 per cent of the school's enrollment, the spokesman noted, 12 of the 26 (or 46 per cent) were women.

The school adjoins the California State University, Fullerton campus.

YL Reservoirs Have Cleanup

The Yorba Linda County Water District's three reservoirs were drained, cleaned and inspected late last month, general manager Ralph Shook said this week.

"They were all found to be in excellent condition and required no major repairs," Shook said, "including Reservoir No. 1 on Highland Avenue Reservoir which was built in 1911."

Also inspected and cleaned were Reservoir No. 3, at the north end of Fairmont Blvd., and Reservoir No. 2, north of Bastanchury Avenue, Shook said.

Jaycette Contest Open Now

Want to go to summer camp? Well, here is your chance. Placentia Jaycettes are sponsoring an essay contest and the winner will spend one week at Camp Osceola.

Activities offered by the well-known YMCA/YWCA supported camp include swimming instruction, crafts, horseback riding and fishing.

Contestants must submit an essay of 100 words or less using the topic: "I'd like the Placentia Jaycettes to sponsor me at Camp Osceola because...".

Any boy or girl (excluding California Jaycee family members), between the ages of eight and fourteen who reside in Placentia or Yorba Linda is eligible.

Entries showing contestants age, name, address and phone number, must bear parental signature and be mailed before April 20 to: Placentia Jaycettes, P.O. Box 182, Placentia, 92670.

Judging will be based on content, sincerity and neatness.

Sierra Vista Students Eye Ad Campaign

A professional look at advertising was provided fifth and sixth graders in Dana McClanahan's class at Sierra Vista Elementary School in Placentia as students prepared their own ad campaign.

James Richie from Hunt-Wesson Foods advertising department and Steve Nance from Advertiser's Services, Inc., told students how advertising markets are determined, what types of media are appropriate for different products and approximate costs involved in advertising a product.

Following the presentations, students are designing packages for a product they created and will video-tape an advertisement for their product, the instructor said.

Andy Coen Graduates Trade School

A Yorba Linda resident, Andy Coen, was among 14 students graduated recently from Orange County Goodwill Industries' Technical Trade School, according to Gaylord M. Hicks, executive vice president of the organization.

The students had completed courses in clerical work, maid service, food services, gardening, machine work, and small engine repair. Five such graduating ceremonies are conducted by Goodwill each year, Hicks said.

The purpose of the school, Hicks noted, is "to offer training and on-the-job experience to the physically, mentally, and socially handicapped of the community.

"Learning a skill is only a part of their education," Hicks continued. "Many of the young people who come to us have never been exposed to 'work world' behavior. Therefore, they have a whole new behavior pattern to learn.

"They must learn to interact with a supervisor, who will be in control of their work day.

"They must learn to control tempers, which in the past they may have expressed at will. They must learn to dress and behave like working people.

"After these lessons are mastered, they are then prepared to learn skills that will prepare them for productive employment," he concluded.

SCHOLARS NAMED

Michael Grindon, a junior, son of Mr. and Mrs. Leger Grindon, Jr., 1306 Limerick Drive, Placentia, and Dirk Dunfee, son of Mrs. Evelyn L. Dunfee, 4567 Jamestowne, Yorba Linda, have been named to the fall semester Dean's Honor List at Claremont Men's College. Claremont Men's College, which has an approximate enrollment of 800 students, places curricular emphasis in public affairs.

Little Friends Pre School Has Open House

Yorba Linda's Little Friend's Pre-School announced an opportunity for parents of potential students to evaluate the amount of enjoyment and benefit pre-schoolers receive from social and learning opportunities by joining present students, parents, and staff at an Open House, Friday, April 18, from 7 to 9 p.m., at their campus located within the Rose Drive Friend's Church, 4221 Rose Drive.

The pre-school staff reports that current openings exist, and that it is not too late for area parents to let their children take advantage of the final ten weeks of classes...particularly if they wish their pre-kindergarteners to have some opportunity to prepare for a successful kindergarten experience in the fall.

The pre-kindergarten staff offers daily "readiness" activities, including a professional "language development" program, and a professionally developed "sensori-motor" format. Daily craft activity aims at eye-hand co-ordination, exploration of various media, and opportunity for creativity and self-expression.

Music, rhythms, literature, devotions, group discussions, sharing and outdoor big-muscle activity round out the 9 to 11:30 a.m. schedule.

Fitting programs are also offered for the two year olds and three year old sections in which the students' social and emotional growth is of paramount importance.

Individual schedules can be arranged to best suit child/parent needs. Extended day-care is also offered, from 7 a.m. to 6:30 p.m...with games, lunch, naps, & craft activities available.

Also, two three-week special "Summer Camp" morning sessions are being planned for June and July, and summer all-day care is also available.

The school may be visited any morning, and inquiries may be directed to administrator, Glenda Brookshire, 528-6496.

EASTER TRADITIONS

Esther Cramer
Director of Consumer Affairs
777 S. Harbor Blvd.
La Habra, CA 90631

Around the Christian world there are many types of celebrations on this most meaningful holy day. The name Easter stems from the Old English word Eastre, which in turn came from a prehistoric West German spring festival. It celebrated the renewal of life, so this was the name selected by the Christians for the commemoration of Christ's ressurection. The egg and the Easter bunny are both symbols of this rebirth of life.

Bakers around the world continue the tradition of baking rich Easter breads to end the lenten period. The sweet Easter bread of Greece is topped with colored eggs to bring good luck to the family. A delicate fruit and nut bread is baked for the Orthodox feast by those of Russian descent. In Germany the yeast dough is ladened with fruits, nuts and spices, then braided into a stollen. Italian cooks often bake sweet breads in ring molds; when cooled they are glazed with syrups and preserves. Obviously, almost every country has their favorite from the oven.

Hot Cross Buns, so long at the top of the list of Easter bread favorites, originated in England for Good Friday and are now available fresh from our own Alpha Beta Bakery to save time for busy homemakers.

Another helpful hint for Easter. Turkey and ham are two of the most economical main dishes when costs per serving are figured. Many varieties of meals can be created from the Easter dinner leftovers. Plan wisely and save. Have a good Easter.

Traveller Is Speaker At Library

Friends of the Yorba Linda Library will present Frank Kalupa as the last in a series of free guest speakers. He will present an illustrated travelog entitled "Footloose Family: Azusa to Marrakesh in Nine Months", on Tuesday, April 8, at 8 p.m. in the multipurpose room of the Yorba Linda Library.

Kalupa is currently assistant professor of communications at Cal State University at Fullerton. His past positions have included the job of news editor of three Southland newspapers, public communications and relations director for Aerojet General in Azusa, a stint as a photojournalist in Europe and North Africa, and an assistant professorship at Bowing green State University.

Junior Fire Program Now In Schools

Placentia firemen have begun visiting all fifth grade classes in Placentia in connection with their annual Junior Fireman program of fire safety.

One of the highlights of the program this year will be the Disney film "Donald's Survival Plan". Teaching aids are provided for the classrooms, including a fire safety manual for each student.

Upon successful completion of the program, a certificate and official Junior Fireman Badge is awarded to each participant.

NEW HOMES

A final approval of a single family tract of 191 homes, has been passed by the Placentia City Council, for construction in an area east of Kraemer Boulevard between Chapman Avenue and the Santa Fe Railroad tracks. Builders are S and S Construction Company (Woodbine Corporation). The construction is expected to span an 18 month period.

The recent rather loose usage of the term "virus", leads some people to believe that a virus is a rather new and always mysterious malady.

From the common cold and cold sores to mumps, measles and chickenpox, we have all been attacked by and recovered from viruses. There are other more deadly viruses, such as polio and sleeping sickness. It is considered highly probable by many authorities that cancer... or at least some of the many varieties of cancer...are the work of tiny viruses too small to be seen by the most powerful of electron microscopes.

Raffle To Aid Yorba Instrumental Program

The Yorba Instrumental Parents Group of Bernardo Yorba Junior High is now holding a raffle to raise funds to buy much-needed equipment for the school's instrumental music program. The drawing...to be made at the school's Spring Concert on the evening of May 21...will include a 19-inch color television, a super 8 movie camera, a 10-speed bike, dance lessons, Angel baseball tickets, free income tax preparation, hardware items, a case of motor oil, dinners, Disneyland passes and ride books, and much more.

John Roberts, president of the parents' group, says "This raffle is unique in that each ticket is worth more than it costs, even if you do not win the drawing. Each one-dollar ticket entitles the holder to a free lubrication at B & B Chevrolet and special discounts for purchases at McDonalds' Hamburger, Straw Hat Pizza, and Colonel Sanders Kentucky Fried Chicken. In fact, taking a chance on our drawing is like joining the Diner's Club."

Roberts emphasized, though, that the most important thing was the school's music program. "In less than two years, the Bernardo Yorba Instrumental Program, under the direction of Gary Weideman, has increased over five times. This year they received a first place in a major competition parage, besides several other awards. There are literally hundreds of kids each year who want to become involved in music. And if we have a good response to our raffle and our other fund raising programs, these kids can all become involved.

"They will learn how to perform good music rather than being passive listeners to the latest recording fads. Our job as Instrumental Parents is really to help the kids to help themselves."

Tickets are being sold by the students at the school, in their neighborhood areas, and at local businesses.

Commission Approves Changes

A City Council-proposed modification in a procedural change suggested by the Yorba Linda Planning Commission won commission approval at a recent meeting. The change involves the grading of adjustments by the city.

(An adjustment is similar to a variance, but costs less and involves less radical departure from the zoning ordinance.)

City Council had suggested eliminating a requirement that notices be posted at the site of the affected property. Under the proposed modification, it would be necessary to notify adjoining property-owners of a pending adjustment by mail only.

The commission also made official a previously granted waiver of requirements for a two-house development on the south side of Mountain View just west of Sunset Lane.

When the parcel map was originally approved, the commission waived requirements that the builder install curbs and gutters on Mountain View. Later review by city planning staff, however, concluded that the commission lacked power to grant such a deferral without approval of a corresponding variance.

On the recommendation of city planner Phil Paxton that no gutters or curbs were needed on Mountain View west of Ohio, the commission approved the variance.

GOFFIN, POWELL AT CONFERENCE

Judith Goffin and Donald Powell, Yorba Linda, have qualified to attend a three-day career conference of New York Life Insurance Company's field underwriters at the Los Angeles Marriott Hotel, according to Robert W. Larsen, general manager of the company's Fullerton office.

Aztec Batmen Drop 2 Out Of 2

By Mark Tronske

The Esperanza Aztec Varsity Baseball Team opened its Orange League baseball season last week. The Aztecs did not fair too well, as they dropped two out of their three contests.

Esperanza's first outing was against the El Dorado Golden Hawks. Tim Teahan pitched the entire game for the Aztecs, as he picked up his first loss of the season, 5-4. Dan Petrie and Randy Lunzman split the pitching chores for the Hawks. The two gave up only a pair of hits.

Errors played a major factor in the game. The El Dorado team committed three errors, while Esperanza committed two. The Aztecs took advantage of the miscues first as they picked up two unearned runs in the second inning. The Hawks scored a run of their own in the bottom of the same frame. After two innings of play Esperanza was ahead, 2-1.

The Golden Hawks struck again in the fifth. Mike Decker started things with a double. Jim Hayek advanced him to third on a sacrifice and Decker scored when Frank Taylor singled. Taylor promptly stole second and continued on home as Randy Lunzman doubled. Pat Vizenor then laced a single to bring in Lunzman. The score after five frames of play showed El Dorado out in front, 4-2.

The Aztecs managed a small rally of their own in the sixth. Paul Peterson and Jim Teahan both were issued free passes to first base. Mark Whitely then came up with the most timely hit of the day as he slammed a double. Both Peterson and Teahan were sent sailing home on the play. Unfortunately the Aztec rally died and Whitely was left stranded at second base. The Aztecs were still behind, 4-3.

The Golden Hawks fought back again as they scored what proved to be the winning run in the bottom of the sixth. Tom Hazen reached base on his ground ball booted into the Aztec infield. Rick Barton was then summoned to pinch run. Hayek and Decker singled, and Barton came scooting home to make the score 5-3.

Although the Aztecs came back in the top of the seventh to score a run it was too little, too late. Esperanza's Jim Teahan pitched an eight-hitter as he absorbed the loss. El Dorado's Dan Petrie struck out seven and walked four in route to picking up his first league win. Randy Lunzman took over the mound chores in the sixth to preserve the victory.

Later in the week the Aztecs were bombed by the Brea-Olinda Wildcats, 13-2. Pitcher Mike Genevay was shelled for nine runs in the first inning alone. Two days later the Aztecs shutout the Valencia Tigers, 1-0. Jim Teahan picked up the win to balance his record at 1-1. Esperanza possesses a 1-2 Orange League record, 1½ games out of first place.

Many people within the Bob-Ett organization, including parents have contributed toward preparing for league play this year and the Board extends thanks to all who have contributed.

The Bob-etts would especially like to thank a couple of Sponsors who have gone beyond their dollar contricution in helping," noted organization spokesman. "Placentia Glass Company for storing the snack truck, Vic Stein Electric Company for storage space. PLACENTIA'S REALTORS will be heading the city's Cancer Crusade, the group announced this week. Local realtors will be at your door soon, not to list your home, but to enlist your support for the Annual Cancer Crusade. Receiving last minute instructions from city chairman Lorena Hodges, MJB Realty [right] are [standing], Kay McDaniel, Rollins Realty; Dee Muir, Tarbell Realty; Kay Blaken, Estate Realty; Marie Weber, Marie Weber Realtors; "Hap" Rake, MJB Realty and seated, Jack Scarpa, Herbert Hawkins Realty and Leona Naumcheff, Rollins Realty. The Cancer Crusade will open April 1 when kits will be circulated throughout Placentia.

Cancer Board Named

Placentia residents Dean Davisson, community promotions manager of Knott's Berry Farm; and Mabel Fullenwider, R.N., teacher of nursing at Cypress College; were elected to the board of directors of the Orange County Unit of the American Cancer Society at a recent luncheon meeting at the Royal Inn, Santa Ana.

Davisson, who has been with Knott's for 17 years, earned a BS in Business Administration from Pepperdine College, Los Angeles. He is active in Public Relations Society of America, the Buena Park Historical Society, the U.S. Bicentennial of Orange County, and the Republican Associates of Orange County.

Ms. Fullenwider was educated at Pocatello, Idaho, the University of Washington and Loma Linda University. She has taught with the North Orange County Community College District for 19 years. She is very active in the California Nurses' Association and serves on the Academic Senate at Cypress College.

Other new American Cancer Society board members elected at the same meeting are: Bill Brundige, La Habra; Ralph Diedrich, Santa Ana; Barbara Machado, Yorba Linda; Betty McMiken, Newport Beach; Paul J. Ovando, M.D., Fullerton; James Wedemann, Tustin; and Joan Geyer, Garden Grove.

MRS. LYNN KOCZKO will soon be leaving her position as secretary to David Snow, Director of the Placentia Library District, for the birth of her first child. Replacing her will be Gloria Mattie, on the right. Both secretaries are now working at the facility.

Ms. Parkin Poster Winner

Nyla Parkin, Valencia High School student, is the winner of a $50 U.S. Savings Bond in the Placentia Library District's Bus Poster Contest.

The contest was part of a larger one sponsored by the Santiago Library System Libraries.

Miss Parkin's winning poster and other Placentia Library posters were also submitted for grand prize judging on Tuesday, March 25. The grand prize will be a $100 U.S. Savings Bond.

Winning posters will be exhibited in buses of the Orange County Transit District during April and May, celebrating National Library Week which starts April 13.

Local judging on the posters was accommodated by members of the Placentia Art Association and the Placentia Junior Round Table. The theme of the contest was "Your Public Library--Something For Everyone."

Miss Parkin's prize was awarded by the Placentia Friends of the Library with the presentation made by Eric Teel, the group's treasurer.

THE PRIZE WINNING POSTER, created by Valencia student Nyla Parkin, will soon be decorating an Orange County Transit District bus, as Miss Parkin is awarded a $50 bond for her prize winning entry. Making the presentation is Eric Teel, treasurer of Friends of the Placentia Library, who offered the prize. On the right is Peggy Dinsmore, who was in charge of the bus poster contest.

Judy Scarpa Joins Firm

Judy Kathleen Scarpa is joining the Herbert Hawkins firm in Placentia in the capacity of a real estate saleswoman, making the firm a family enterprise.

Her parents are Jack and Bonnie Scarpa who are the owners of the Placentia, Yorba Linda and Brea franchises of the company.

Judy Kathleen is 23 years old, a 1974 graduate of California State University in Fullerton. She has a Bachelor of Arts degree in Sociology. Formerly employed by Disneyland as a ticket seller at the Disneyland Main Gate, Miss Scarpa is looking forward to her new career.

Miss Scarpa's studies also took her to Spain where she studied at the world famous Barcelona University. She lived with a Spanish family in a third floor apartment (walk-up) that was cramped and tiny, and reports that experience was probably the most broadening of her life.

Miss Scarpa has spent the last several months in Hawaii where she was employed by a large resort hotel. She has returned to join her parents in the Placentia office of the Herbert Hawkins Realtors.

ReTIREMENT CENTERS:

We've ReTired for 55 years. You see, we got rolling in 1920. And not as some operator of a national chain. We started in Santa Ana with one store, when there wasn't much else there. And we gradually expanded into Costa Mesa, Placentia, Orange and Laguna.

Part of our long-term success is your confidence. We'll tell you facts a lot of tire dealers don't . . . or won't.

Bias and Unbiased facts. Miller ReTirement specialists will give it to you straight. You probably know that the unique construction of a radial gives you better, tighter cornering. Here are some more facts you should know. Fact One: Radials give you about one extra mile per gallon. Fact Two: At 60 mph, radials run about 40° cooler than bias tires. Less wear. Less chance of a blow-out. Fact Three: Radials use about 25% less horsepower. In a sports car or compact, that means a lot. Fact Four (and you're not ready for this one): Not everyone needs radials. The type of tire you need depends on the type of driving you do. And Miller stocks all types of tires. Let's talk about The One that's just right for your car, driving habits and budget.

Social security. Honesty doesn't stop with the the sale. No way. Some of our competitors feel that if they can get everyone in their stores just once, they'll get rich. Not us. We depend on customers who return. And they do. Have been for half a century.

We plan on being in business another 55 years. We know if we help you with good, friendly, reliable service, you'll help us. With your confidence. And your business.

Radical radial savings on Seiberling G/N Radial blems (up to 47% off). Come to Miller Tire NOW. We've just made a special purchase of 1000 Seiberling Radial blems (check The Warranty. . . 30,000 smooth, carefree miles):

Special Services Set

Holy week services at the Redeemer Lutheran Church, Placentia, will feature two special worship opportunities, very different from each other, as an expression of love for, and allegiance to, Jesus Christ.

On Maundy Thursday, March 27, Holy Communion will be featured at 7:30 p.m. The solo, "Take My Mother Home", will be presented by Mrs. Arthur Bullis. The Communion meditation by the Rev. Erwin G. Walz, pastor, is entitled "Here Christ Makes Us One." He will be assisted at Communion by Wally Olhoett, pastoral assistant.

The Good Friday "Service of Shadows", again at 7:30 p.m., features pastoral assistant Paul Feeger as reader of the Apostle John's eye-witness account of what really happened on Friday of Holy Week. The senior choir, under the direction of Mrs. John Lueck, will sing "It Is Finished" and "The Man On The Cross". Pastor Walz will present a sermonette entitled "He Really Gave Himself".

"I am the resurrection and the life" John 11:25

GOOD NEWS FOR A BAD NEWS WORLD

Gabriel Heater began his newscasts during World War II with the statement, "There's good news tonight." To a war-weary world he brought daily encouragement. Ours too, is a world that needs some "good news."

On most fronts there is only bad news. From the political front there is bad news. There is failure in negotiation. There is the collapse of defenses. The roads are clogged with refugees. Millions are faced with homelessness and hunger. From the economic front the news is bad. Unemployment is rising. Prices are rising. Jobs are scarcer and business has declined. From the social front news is bad. Crime is on the increase. Families are breakingup and children are denied love and care.

Isn't there any "good news?" Yes, that is what Easter is all about. The greatest good news the world has ever had came from a strange place. It came from a graveyard. The angelic messengers told the women who came to the tomb on Easter morning, "He is not here: for He is risen, as He said." That is "good news."

Jesus spoke the truth. His resurrection is the vindication of His message. He plainly told His disciples that He would die for the sin of the world but that He would rise again from the dead after three days. He arose, right on schedule. He was triumphant over death. It could not keep Him in the tomb. He is the only person who ever lived who foretold His death and His resurrection. Search His teachings and you will learn He told the truth. That's "good news" for a world like ours.

Jesus wants to share His triumph. He told His disciples, "Because I live, ye shall live also." That's "good news." He not only revived hope, he also created assurance. Those who believe in His word and trust in His power need not fear death. They can live in quiet assurance that the stone has been rolled away from the door or death. They will live forever. Death did not hold Him. It cannot hold those who trust in Him.

Yes, there is "good news" at Easter. Jesus told the truth. You can believe Him. Jesus wants to share His triumph over death with everyone. You can have eternal life. That's "good news."

Local Man Makes Bible Presentation In Capital

Dr. Samuel Sutherland, a Yorba Linda resident, and president emeritus of Biola College, took several hundred Bibles to the White House late last month.

As President of the Lockman Foundation, La Habra, he distributed copies of the New American Standard Bible to congressmen and then presented gold bound copies to President Ford and Vice President Rockefellar.

The Lockman Foundation produced this version first in English then in Japanese. Soon the organization will have printed and distributed the Bible in the Chinese, Hindi, Korean and Spanish languages as well.

At a special reception in Washington, sponsored by the wives of the National Religious Broadcasters Association for Mrs. Julie Eisenhower, Mrs. Sutherland presented Mrs. Eisenhower an engraved gold bound edition. Julie then addressed the group about her recently found religious faith in God.

The Sutherlands also attended the Congressional and National prayer breakfasts. President Ford spoke at the Congressional Meeting.

Sutherland recalled the religious dedication apparent in the lives of many of the senators and pentagon officials who, he says, frequently hold Bible study and prayer groups in their offices.

At the National Prayer Breakfast over 3,000 people attended with ten to a table. Each table had its own prayer meeting. "We could hear the low rumblings of prayer throughout the vast dining room. This was a memorable experience," he concluded.

YL Rotary Aids Local Scout In Project Goal

It was a sight to bring joy to the heart of a city father:

No sooner had the freshly painted rubbish bin been placed at the corner of Main Street and Lemon than someone used it. Down with litter!

But---

That's not what the bin is there for. In fact, the conscientious deposit was thoroughly unwelcome.

When is a trash can not a trash can? For the answer, let us drift back in time...say a month.

Lee Wirth, 15-year-old son of Don and Rae Wirth of Placentia, is a Scout. A Life Scout, almost Eagle. One of the few requirements he has left to complete is a public service project.

At his church, Valencia United Methodist, someone got an idea: collect some aluminum cans, around fifty pounds, maybe, and sell them to raise money to train guide dogs for the blind. But a problem developed. Fifty pounds wouldn't produce the $450 needed; it would take more like 3,000 pounds. Oh well.

Then came Lee.

It would be unusual for even an uncommonly enterprising youngster to accomplish such a task by himself, however; so Lee went looking for help. As it turned out, he went to the right place...Yorba Linda Rotary.

No sooner had he put the idea forward at Rotary's weekly meeting than a method of collection was devised. Rotarian David Collett, head of Yorba Linda Disposal Service, offered to furnish some trash bins. The bins would be located in public places, people would be asked to dump aluminum cans in them, and in short order the job would be done.

Thus the non-trash cans. Lee is getting a stencil made with which he will paint on the bins a legend explaining their purpose...which will presumably solve the problem.

In the meantime, save your aluminum...and don't dump the week's garbage in strange trash bins. Remember every litter bit hurts.

OPTOMETRISTS ELECT

GENEROUS GIFTS

Placentia's Senior Citizens held their first meeting in their new club house last week, in the refurbished library. Among the new facilities which the members will enjoy is a Wurlitzer electric player piano, donated by one of the Charter members of the club, Mrs. Lillian Craig.

Mrs. Craig, a resident of Placentia for eight years, is one of the original 14 members of the Senior Citizens Club since its organization in October 1971.

Not only will club members enjoy the music of the piano, but Mrs. Craig generously contributed something more to the visual beauty of the club house by donating a beautiful Indian rug which will be hung above the piano.

VOTE FOR ART

Through a joint effort, Golden School and Lloyds Bank will conduct an art contest for the students of Golden School. According to Mr. Darrel Vanes, manager of the bank, there will be three categories: kindergarten, grades one through three, and grades four through six. The students are encouraged to express themselves in any media with no theme required except individual expression.

Entries will be displayed in the bank lobby and there will be a ballot box for votes, winners to be determined by the number of votes. First and second place prizes include tickets to Disneyland and a transistor radio.

Exhibition dates will be April 1 to 13 for kindergarten contestants, April 14 to 25 for grades one through three, and April 28 to May 9 for fourth, fifth and sixth grades.

Mr. Vanes expressed his hope that everyone will stop by Lloyds to see the children's efforts and cast their vote.

JUNIORS PARTY

Mr. and Mrs. Bruce Mueller hosted a St. Patrick's Day party for members of the Placentia Junior Round Table on March 15 in their Fullerton home. Guests included: Mr. and Mrs. Jack Shirinian, Mr. and Mrs. Roger Andres, Mr. and Mrs. Robert King, Mr. and Mrs. William Rogers, Mr. and Mrs. Thomas Steele, Mr. and Mrs. Larry Torkelson, Mr. and Mrs. Wes Vaughn, Mr. and Mrs. Richard Yarger, and Mr. and Mrs. Ken Griffith.

Also present, sporting a bit of green attire for the occasion were: Mr. and Mrs. Michael Juenemann, Mr. and Mrs. Roger Frank, Mr. and Mrs. Al Morton, Mr. and Mrs. Gary Olsen, Mr. and Mrs. James Ziegler, Mr. and Mrs. Michael Galassi, Mr. and Mrs. Steve Brown, and their guests, Mr. and Mrs. Kirby Koop.

The evening was not complete, however, because of the absence of Barbara Reed, who is the undisputed Twist champion of the Junior parties.

Easter Fun At Style Show

There was standing room only at Tuesday night's PTA meeting and Spring Fashion Show at Orchard and Glenview School. The Bi-Lingual class entertained with folk dancing and Vanessa DelorReyes performed a Polynesian dance.

The following officers were elected for the coming year: Evelyn Currie, President; George and Sandy Hayward, and Bob and Marcia Allen, first vice presidents; Bob and Sheree Traub, and Terry and Barbara Wiley, second vice president; Evelyn Sulley, recording secretary; John Sulley, corresponding secretary; Chris Reid, treasurer; Don and Melanie Jack, auditor and Tom Reid historian.

Sarlat/Forell Vows Told

Michele Joyce Sarlat became the bride of Steven Douglas Forell in a double ring ceremony on February 22 at Placentia Presbyterian Church. Rev. Ogden officiated at the evening ceremony.

The bride is the daughter of Mr. and Mrs. Irwin Sarlat of Costa Mesa; the groom is the son of Mr. and Mrs. Harold Forell of Anaheim.

The church was decorated with candelabra and pew candles decorated with flowers for the candle-light wedding.

The bride wore a princess gown of organza trimmed with chantilly lace, and crocheted beads. She carried a cascade of white starburst mums and stephanotis with baby's breath.

Miss Lesleigh Jane Allen served as maid of honor. She wore yellow voile in a spring floral. Bridesmaids, Misses Jann Sarlat, Lynn Sarlat, Sharon Rumsey and Helen Serrano were similarly attired in floral prints of apricot voile.

Mrs. Steven Forell

Male attendants included best man Dennis Johnston, and ushers Terry Frankovich, Bob Tessier, Carl Cipra and Gary Willey.

A reception at the Placentia Round Table followed the ceremony.

The bride's mother chose a long apricot knit with a floral voile jacket for the occasion. A wristlet of yellow cymbidiums set off her costume.

The grooms mother wore a long yellow knit with jacket accented with bead pearls and a white cymbidium corsage.

The young couple chose Hawaii as their honeymoon destination.

The bride is a 1974 graduate of the University of California at Irvine. She is presently working as a group counselor at the Youth Guidance Center, a facility of the Orange County Probation Department.

The groom graduated from El Dorado High School and is completing his senior year at California State University at Fullerton.

Spring vacation is here and people are on the go.

***

I understand the **YMCA in Yorba Linda** is going great in their membership drive for sponsoring members. The Y has many interesting and varied programs to meet the needs and desires of the residents in our community. All types of summer vacation programs are being planned right now and will give many of our youngsters an opportunity to camp and see some of our great country.

***

Esperanza's drama students are now in rehearsal for the drama, "The Night of January 16th", to be presented April 10, 11, and 12 at 8 p.m. in the school's lecture hall. The jury will be selected from the audience each night and will sit on stage throughout the trial. The jury's verdict will determine the outcome of the play. Should be an interesting arrangement.

***

Sharon Habegger was recently named recipient of the **Bank of America** award in Home Economics at Esperanza High School. Sharon has shown outstanding scholarship, participation and originality in all her classes within the department. Congratulations.

***

The **Frosh-Soph Axtec baseball** team has two wins to start off the season. The first game against El Dorado was won with a score of 2 to 1 and the second against Brea Olinda had a score of 3 to 2 in favor of the Aztecs. Teams pitchers are Steve Goffin and Corey Marcos.

***

Kona Kokoa Pool Association will have their Annual Easter Party for the children on Saturday, March 29. This is the 11th year the Association has sponsored this event.

***

Fullerton College's Acappella Choir and Chamber Singers will tour up to San Francisco during Spring Recess.

LAKE PARK RIPPLES

By Margaret Rhoads

The month of March arrived true to form...in like a Lion and let's hope it goes out like a lamb. It did prove one thing to us here in Lake Park: that there is some one who can light our Park up brighter than Meryl Smith does at the Holiday season. The evening of March 5, a bolt of lightning came so close to one of our coaches that it took the license plates off and knocked several bricks off the planter. The light was so bright that it penetrated through the draperies and shutters as though they weren't drawn. The thunder scared our little pets in the pet section so badly that they thought sure they were headed for pet heaven. Hail the size of marbles pelted our little tin roofs. (Maybe you think that isn't an experience!)

Our fishermen are having a great time pulling in those 12 and 15 inch trout. That's no fish story either, because I had to cut off the heads in order to get them in my electric fry pan. But I do have a good fish sotry!

Ray Rhoads took off for the lake with fish pole and cheese in hand to do some fishing. About a half hour later it started to pour, and when he didn't come home I became concerned so I got in the car to look for him. I found him sitting on Dalziels' porch, which faces the lake, sipping brandy that Tom had given him. He had anchored his pole and when he snagged a fish, Tom would rap on the window and Ray would run out and reel it in...needless to say, he didn't quit this sporting event until he had caught his limit...that is what is known as "sport" fishing in Lake park.

***

The Dick Andersons, Scotty Paige and Jean Tyson are all tanned and glowing after their Caribean cruise on the Sun Viking. They say they are ready to go again. Jean has resumed her trim and firm gym classes. After all the great food aboard ship, she and Scotty have to work off those extra calories.

Marv Wilkes says that he has been kept busy sewing buttons on Gerry's shirts. It seems he has been popping them since the birth of his first grandchild, Laura Katherine Wilkes, born February 8, 1975. Mary made Gerry an "instant" grandfather when they married almost three years ago. Now they are even, with a granddaughter each.

We may be an adult park, but not too old to have a case of Chickenpox, of course Dorothy Schmueker is one of our youngsters. It's not funny, is it, Dotty?

***

Our St. Patrick's party was the highlight of the month and by gory, it was a smashing affair. The evening started with a happy hour before the corned beef dinner, followed with dancing to the music-maker, Donna Douglas. The Olsens and the Uffermans did a great job as chairpeople. The Weinerts and their committee decorated the pavilion in the real Irish spirit, from the Blarney Stone to the shamrock modiles from the ceiling. Thanks to our most beloved Swedish and German families for putting on an Irish party: that is true blue blooded Americanism.

We had another delicious breakfast this month. The tables were so pretty, done in the St. Patty's theme. Eunice Parsons and her committee do all the table decorations. She is the only gal that takes part in this function. It was good to see Bill Parsons serving on the breakfast committee. The Parsons are one of our newer families moving to Lake Park after living 33 years in South Gate. It's great to have our newcomers become involved in our activities. Bill is fully retired and we don't want him to be bored.

***

Other newcomers who have blended right in are the Braswells, Betty and Howard. Betty has served on several committees and Howard serves on the breakfast committee. The Braswells moved here from Brea. Both Howard and Betty are still employed, Howard a salesman for an electronics firm and Betty is with St. Jude Hospital Data Processing. They have a sons, Alan, living with them.

Marion and Bill Klingman did Lake Park a real honor by introducing their friends Larry and Barbara Pierce to Lake Park. They moved here from San Gabriel. Larry and Bill are both retired and plan to do a lot of golfing together...that is, when it stops raining.

We are always saddened when our neighbors move away, but it is wonderful when great people like these move into Lake Park.

***

We are saddened by the death of one of our neighbors, Rex Hasting. Our deepest sympathy to Pearl and their family.

Chamber New Members

The Yorba Linda Chamber of Commerce announced the following new members who applied for membership last week:

Fazzare Jewelers, Robert Fazzare 4905 Main Street, Yorba Linda; Bo-Den Auto Parts, Bob O'Berg, 1226 E. Yorba Linda Blvd., Placentia; Bob Maw, State Farm Insurance, 18311 Imperial Highway, Yorba Linda; Stig Sveniker, All Cities Escrow Co., 1132 E. Yorba Linda Boulevard, Placentia; Forest Olson Real Estate, Ben Lillianthal, 1611 Y.L. Blvd.; Yorba Linda Pat. Pending. Kay Abbett & Patti Williams, 18293 Imperial Highway, Yorba Linda; Daryl W. Wise, and Jeffrey K. Wise, DDS, Patton Plaza, Y.L. Blvd., Yorba Linda; Country Homes Realty, Aaron R. Jacobs, 4848 Main Street # 6.

"Some of the reasons for joining your Chamber," explains Executive Manager Bill OpDyke, "are vital to all Yorba Lindans and environs who want to assure maximum business enterprise success. A new Chamber Membership Roster will be published soon, in this newspaper...in connection with the Bicentennial Deflation campaign to be announced April in the "STAR". Our goal: More successful business."

"Successful business means steady employment: it means reduction of a city's need for local property taxes; reasonable assurance of top public-city services; and aid to other worthwhile programs such as "Miss Yorba Linda Pageant, etc. . Also, it encourages the adequate supply of products for our City, and more constructive developments too numerous to mention here," adds Opdyke.

"Today, your Chamber is approaching 200 members, but the full support of all businesses (including individuals) is needed. Membership is not confined to stores and offices: it includes families of highest repute who want to be a part of our drive for more prosperity to, in turn, provide more needed public services. A visit to the Chamber office will be well worth-while, permitting us to tell you the story," concluded OpDyke.

YLCWD To Use Computer

The Yorba Linda County Water District is expanding its computer system to handle expected increases in customer billings, general manager Ralph Shook announced this week.

Shook said the purpose of the expansion is to handle the increases in the years ahead without having to hire additional employees.

"Billing will not only be more rapid, but we can store more detailed information in our computer bank. It will mean that our present staff will be able to handle the expected increases in our billing and bookkeeping load for some time to come. In effect, that means cost savings in future years." Shook said.

A huge supply of bedding plants are available at your local nursery. These annual flowers will provide you with an abundance of color in the summer garden.

By Jack Scarpa

I read in the paper last week that the City Manager advised the City Council of Placentia to continue "status quo" with the current Fire Department policy. An amazing piece of advice when you consider what "status quo" will mean to Placentia citizens. Let's take it item by item.

First it would mean to continue to pour taxpayer dollars down the rathole of legal expenses to finance the costly court fight against the local Firefighters. So far the fees and expenses are over $70,000, according to City figures.

It wouldn't have been so expensive except the leadership of our City couldn't find a good enough attorney in all of the Counties of Orange, Los Angeles or San Diego. In fact our determined leaders couldn't find any to suit them in all of Southern California. They went all the way to San Francisco to find their fancy, high powered man. That attorney must have thought the Golden Buddha had come to him when he picked up the phone and found Placentia as his client.

In addition to the legal fees, of course, we taxpayers also pick up the jet plane tabs, hotel bills and who knows what other expenses every time the fancy attorney comes to town.

Secondly and far more importantly it means an ever higher turnover of firemen and an ever lowering level of experience and skill. It means a Fire Department, which is staffed by unhappy and discontented men, will continue to be responsible for our property and our lives in the event of a fire or other catastrophes.

For two years these men have been the guinea pigs in an experiment that obviously is not working. I would be discontented too -- wouldn't you? It is time to show some consideration to these men who, next year or next week, may be required to put their lives on the line to save you or me or our families from injury or death.

The final point is that this week a major fire insurance company is reported making a concentrated effort to get Placentia reclassified to a higher risk class. If its true it would mean a jump in fire insurance premiums for every property owner in the city.

All of these problems stem from the 8 hour day that the leadership of Placentia forced upon the Fire Department almost two years ago.

The City Council may by direct and positive action correct this costly and unsatisfactory situation at any time. Now is the time, it seems to me, to return to the old and proven system used by 90% of Fire Departments across the country. In return, the Fire Department staff should be willing to drop the lawsuit against the City of Placentia.

The only guy who will be unhappy if our City Council acts in a statesmanlike way to heal the wounds of our City, will be the fancy fellow from San Francisco. And he'll just have to find another goose to lay the golden eggs. The taxpayers of Placentia would be through being either a goose or a golden Buddha.
